

MALDIVIAN TRADESMEN

A story that must be told.....

When Fiber Roofing expanded our business to become the **no. 1 supplier** of synthetic thatch in the Maldives, we had to make a **big** decision.

In the past all projects globally were done by tradesmen from South African but in the Maldives, we decided to train Maldivians to do the job.

Jan Grobler, chairman of Fiber Roofing cc, said: *“We saw it as a gamble but it turned out to be one of our best decisions.”*

Our “man in the Maldives”, **Abdulla Nazim** and a top Maldivian tradesman came to the factory in South Africa and were trained in all aspects of Fiber thatch installation.

Their new skills were tested when they did a roof at the Valena international Airport.

Two months later Mr. Badeeu project manager at the Reethi Faru Resort also visited Fiber Roofing for training on Fiber Thatch.

2017: - Mr Badeeu, Danie Vorster (CEO) and Jan Grobler (Chairman) during his visit.

The training was followed up with Jan Grobler and Danie Vorster honing the skills of the Maldivians on projects at resorts in the Maldives.

Maldivians introduce Jan to Maldives cuisine

Maldivian tradesmen on resort roofs at it.....

Projects completed by Maldivians

Valena Airport:

Reethi Faru Resort:

Jumeirah Vittaveli:

Atmosphere Resorts-Maadhoo:

Holiday Inn Kandooma:

JA Manafaru Resort:

Alimatha Resort:

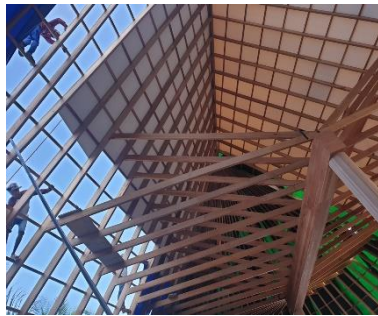

Kurumba Resort:

Angsana Ihuru Resort:

January 2019 the teams started at the new Aarah Development

Our goal has been achieved:

The Maldivians are benefiting!!!

The expertise and money stay in the Maldives!!!

Congratulations to Abdulla Nazim and Maldivian Tradesmen!!!
